Experience

SOFTWARE DEVELOPER | KUBRA | 2021 - PRESENT

- Participated in training courses to stay up to date with KUBRA applications.
- Attended client meetings to understand project requirements.
- Participated in the entire software development life-cycle by analyzing requirements, developing program modules, and testing client applications.
- Trouble-shot and fixed problems through customer requests, and QA.
- Collaborated across teams and departments to generate efficient solutions and enhance current business processes.

PROGRAMMER/ANALYST | KUBRA | 2019 - 2021

- Worked under the supervision of senior .Net developer to write, debug, conduct unit testing, and carry out performance test code in all application layers.
- Monitored application performance at post-deployment stage, tested software using real-time data, and made accurate reports to highlight required changes.
- Attended client meetings to understand project requirements.
- Participated in team meetings and worked with management to understand the business requirements.

INFANTRY | U.S. ARMY | 2013 - 2021

- Supervise and lead a small group of soldiers, educating and applying hands-on training for them to succeed in the team's operations and tasks
- Inspected and maintained over 5 million dollars in vehicles and equipment assigned to the company
- Upheld safety protocols in all performed tasks with no injuries or negative results
